# Splash Screen

- Splash screen is supported in Ionic through the Cordova Splash Screen plugin

- Can control the duration of showing splash screen

- Can customize the splash screen

# ionic resources

- Need to supply an icon and splash screen image file (png, psd or ai) into *resources* folder
- Automatically construct icon and splash screen resources for various screen sizes

   ionic resources

# Installing Cordova Plugins

- Cordova plugins are normally installed as:

  cordova plugin add <details of plugin>

- With Ionic, you install Cordova plugins as:

  ionic plugin add <details of the cordova plugin>

  - Puts information into package.json

# ngCordova Wrapper

```
$ionicPlatform.ready(function() {

        $cordovaSplashscreen.hide();

});
```

# Exercise: Customizing and Controlling the Splash Screen

- Customize the splash screen of an Ionic application

- Control the display of the splash screen through the Cordova plugin support
